

# Ingredients in The Forbidden Doctor's - Ageless Thyroid™

Contains No Hormones

Ingredients	Units	Description
Desiccated Whole Thyroid (Bovine - Thyroxin Hormone Free)	300 mg	Supports the structure and function of the thyroid gland. Supports metabolism and healing.
Iodine	7.5 mg	Required for T4 and T3 production. Main component of thyroid hormone. Softens skin. May promote weight loss and a calm demeanor.
Selenium	0.1 mg	Required in the enzymatic process of hormone synthesis, helps convert T4 to T3. Helps the body with degenerative diseases.
L-Tyrosine, USP	250 mg	Helps rebuild the thyroid gland. L-Tyrosine is an amino acid, required for T4 and T3 production and rebuilding of collagen tissue. Main component of many hormones. It is extracted from a whole food source.
Zinc	15 mg	Helps reestablish normal thyroid function and promotes healing.
<b>HPA - Axis Support</b>		
Desiccated Hypothalamus (Porcine)	5 mg	<i>HPA-Axis Support.</i> The hypothalamus produces the hormone TRH (Thyroid-releasing hormone) that stimulates the secretion of TSH from the pituitary (thyroid stimulating hormone), and produces five other major hormones.
Desiccated Whole Pituitary (Porcine)	15 mg	<i>HPA-Axis Support.</i> The pituitary produces TSH, and other major hormones that support male and female sexual function. It produces T4 and T3, and hormones that regulate the menstrual cycle, as well as energy production.
Desiccated Anterior Pituitary (Porcine)	15 mg	<i>HPA-Axis Support.</i> This area of the pituitary produces specific hormones for support of ovarian and testicular function - FSH and LH.
Desiccated Suprarenal Adrenal (Porcine)	50 mg	<i>HPA-Axis Support.</i> This area of the adrenal produces hormones for controlling the metabolism of proteins, carbohydrates and fats, as well as supporting anti-inflammation and stress handling.
<b>Herbs</b>		
Bladderwrack	300 mg	Provides beneficial effects in the normalizing of thyroid dysfunction, i.e., enhancement of metabolism and energy production. Naturally contains micrograms of Iodine.
Bacopa	500 mg	Helps to support the regulation of thyroid hormones, memory and brain function and mental clarity, concentration and focus.
Ashwagandha (Withania)	200 mg	Helps to stimulate the production of thyroxin (T4). Helps reduce the effects of cell damage, and promotes a feeling of well-being. Helps reduce Insomnia and supports the body as it ages.
Gugulipid	250 mg	Helps convert T4 to T3, normalizes hypothyroidism and hyperthyroidism, and auto-immune problems, stimulates thyroid production, stimulates an increase in Iodine uptake and enhances oxygen consumption in skeletal muscle tissue.
<b>Other</b>		
Silica Flo Guard	20 mg	Keeps all individual ingredients flowing, so you don't end up with more of one ingredient than another in a pill.
Rice Bran	15 mg	Lubricates the pill machine and also prevents clumping (may contain some vitamin B also!)

**Dosage: 1 capsule per meal, 3/day  
90-count bottle**

DR. JACK AND MARY STOCKWELL, CGP  
CERTIFIED GAPS PRACTITIONERS

REVEALING HEALTH SECRETS THEY DON'T WANT YOU TO KNOW

"I am so excited for this Ageless Thyroid product because I took each of its ingredients separately, for years, to support and heal my thyroid and melt away my breast lumps. (Episode #1) It was such a pain, and much more expensive to do it that way! So Jack and I created this whole food thyroid product to simplify the process, make it cheaper and give everybody the same healing foods to support their endocrine, emotional and hormonal health in a much easier and cost effective way!" - Mary 

### HYPO THYROIDISM

- Dry, Coarse Hair
- Loss of Eyebrow Hair
- Puffy Face
- Enlarged Thyroid (Goiter)
- Slow Heartbeat
- Arthritis
- Cold Intolerance
- Depression
- Dry Skin
- Fatigue
- Forgetfulness
- Heavy Menstrual Periods
- Infertility
- Muscle Aches
- Weight Gain
- Constipation
- Brittle Nails

### PMS?? Menopausal Symptoms?? Weight Gain??
